C. Causes of Action (Briefly describe the facts you consider important to each claim. State what happened clearly and briefly, in your own words. DO NOT cite legal authority or argument. Be certain to describe exactly what each defendant, by name, did to support each claim for relief.)

Claim 1: On or about July 26, 2012
 (Date or Period of Time)

1. Letter
 2. medical record
 3. call after referral for Dermatology
 (Supporting facts)

I had an appointment with TVC, Dr. Mulder, ~~OB/GYN~~ OB/GYN,
 & I had a very serious MRSA infection (methicillin
 resistant staphylococcus aureus). I was sexually harassed and
 I was refused treatment.

I was treated rudely, told I needed an endometrial biopsy,
 but that the physician (Doctor of Osteopathy) would not do or
 schedule the procedure, I was treated like I was not a
 medical patient with a high blood pressure, or two brain
 tumors, or hyperparathyroidism, and with multiple
 sclerosis and that I didn't deserve medical treatment
 for MRSA, from a tampon, from 2003-4, while I was
 held by Spokane WA Corrections, and even then refused a
 visit to an Emergency Room for a competent physician
 to examine and treat me immediately for sepsis,
 infection and possible meningitis.

The physician did not also do/complete a Hematoxylin
 and Eosin stain, or culture any discharge and I was
 there for a yellow, green, white discharge (tampon,
 napkin) again which is consistent with MRSA.

MRSA is also a public health problem. I was treated
 for MRSA, sinus infection too. Surgery of both feet
 also, from the original infection in ~~2008~~ 2008, - Dallas, TX.
 I was then sent a letter which stated that

(2)

I had a problem with the patient/doctor relationship [as I was from Aloha Neurology Center, and called mentally ill instead of a competent exam (neurological) with a discussion about midbrain brain tumors and multiple sclerosis) and that they felt that the relationship had "deteriorated" so much that "they could no longer be effective" as medical care providers. They claimed that I was "verbally abusive to them and harassed them."

I called Risk Management, TVC and they took my statement, refused to call back or admit, and read a statement from Dr. Rudy and Keita (her LPN) which was slanderous and didn't apply to me as a person (identity theft, medical identity theft).

I also sent a copy of the letter & the FBI, Federal Bureau of Investigation for them to read (sexual harassment, fraud, mail fraud, possibly a forgery (content given to or associated to low intelligent person, people) much like the letter I was given by two LPN's in Spokane, WA and ~~with a typed name of~~ Sheriff Shannon and

(3)

extremely similar to a medical physician, psychiatrist ~~who~~ who works at Sacred Heart ~~Hospital~~ Hospital. (illiterate for medical terminology, foreigner, illiterate for legal terminology).

The letters also are similar to the Public Defender's Office in terms of ability and ability to understand medical terminology and assaultiveness of their own ~~and~~ clients. This includes drug abuse, alcoholism and domestic violence being diagnosed as schizophrenia, lesbianism, bipolar disorder, psychotic disorder (s) (NOS) other wide unspecified, and ~~other~~ other actual medical disorders not being with the comprehension of people below medical degrees although in my experience it can include medical doctors.

The Federal Police arrested me in 1996, while in Social Security ~~when~~ when I lost the ability to write and speak.

This is what happens to people, like myself with brain ~~tumors~~ tumors. There has been a problem with City Police, State Police and others with distress originally from the Oklahoma City Bombing.

(4)

I also thought that the Stat of New York would meet with me and discuss their letter, that they wrote under duress and had me sign without an attorney (asked for) and then refused to send me a letter and a date, time, and place to discuss my medical license.

I wrote a civil court in the Stat of New York, (Albany, NY) for a lawsuit, meeting. And they sent me back a letter that I lacked evidence. I didn't send any because to me the case had to be opened, docketed and then I could present evidence. (1995)

I also wrote the ACLU - American with Civil Liberties Union, and they refused my case as a Civil Rights Case. (1995)

And I spoke to U.S. Burlington Court about being refused adequate medical treatment in the Stat from 1996 - 2002 by several people.

Claim 2: On or about March or April 2012,

(Date or Period of Time)

1. letter
2. medical record
3. hung up on after calling to
chart. 4. letter sent to ODF
Medicare

(Supporting facts)

Dr. Ellenson and his nurse refused to see me again
and sent a similar letter as from TVC.

There are not many neurologists in this state.

I was referred to Dr. Onurato. Dr. Ellenson was
asked by me to send/call/for a referral to
Neurology at UCLA - University of California

at Los Angeles and he did not. I was referred to
Neuro-Surgery and Endocrinology at the

Pituitary Clinic and I have seen them this year.

I also could have been referred to UW Medicine,
in Seattle WA or back to Georgetown University
Medical Center.

Claim 3: On or about 1996

(Date or Period of Time)

(Supporting facts)

I have not been sent a letter & for a meeting with the Department of Commerce, Community and Economic Development, Professional Licensing and the State of Alaska's Medical Board & with New York State.

I was sent a letter from one person who stated he/she could not "read" my complaint. I e-mailed them.

One of the physicians (same first and last name) printed in the Anchorage Newspaper that she wanted to be separated from me and that I wasn't working due to disability. I was not asked to appear at that meeting and the Medical Board, others that met could/may not legally decide or speak about me unless I was present or had my permission to talk and never invite me or ask that the letter given to me on April 19, 1994 was legal even, or legal and the State of New York didn't have to legally meet with me in person.

added pg. 5, other.

I would also like the FBI, anyone else involved & require that my family, Byron A. Berg, Kit Berg, Wendy Berg, Nick & Berg only talk & me by direct use of the U.S. Mail, or telephone.

They can use the following e-mail addresses too:

sberg5@yahoo.com

sberg098@gmail.com

but can only use their own first and last names and

That City, County, State Police / Correction and FBI Deal them may NOT even use my family's or my name, social security number, phone or use a fiber or gas-dank.

(with wire tap messages (communities) and PAW/F - patriot act wire fiber or other devices via Security),

I would like ^{in dangerous tort lawsuits and others} \$10,000.00 to go to each member of my family. \$20,000.00 to my father. This is in addition to \$10,000 life insurance that goes to them all plus their children when I die (my replacement).
\$ 735,734

Plus I would like ~~\$200,000~~ damages to myself. This is or would be my income as a plumber, working part time, at \$70.00/hr. for twenty-two years, minus taxes to the IRS, and minus \$250,000.00 in loans.

I can not get any money back to settle.

→ And \$10,000 of my settlement goes to U.S. bankruptcy Court for my 2002 bankruptcy.

And then for future incidence of danger to them or any I would like to be able to return to U.S. District Court, and I would like them being sued to be restrained order / and injunctions from further incidence of tort law and misuse of a patriot act writ / filer, wire tap and phishing and from entry on my medical records, from violator of VAWA, state cybercriminal activity, assault and harassment (i.e. Sexual Harassment Civil Rights Act 1964 violator, assault battery) ~~and others~~.

Pleading:

Please hear my case ~~that I am not solvent~~
~~that~~ even though I am ^{considered} not solvent,
I owe U.S. Bankruptcy Court Order \$10,000.00
and my father \$10,000.00 for money he sent
me every month (\$200.00/mo) while I
was in medical school.

I have a \$10,000.00 life insurance
policy and start paying my father
back. My life insurance policy goes
towards my burial and all final
expenses and then to my family.

I think that my father, family, feel
humiliated by me not working as a
licensed physician and have been able
to have sent them money, after paying off
all of my student loans. Later than they
are victims from someone who was
unappreciative to me and misused a PAW/H/
was to hurt my nephew and abuse
both my father and nephew. My little sister
~~also was a victim for and was misused~~
~~by someone? I forgot my brother and my~~
~~brother and probably my other sister~~
~~and my mother.~~

must ~~that~~ feel awful about ~~the~~ my beg
slander.

Lei say I couldn't give her money
and help her with her two sons.
This goes for my older sister, too.
And her son.

~~My father came from a poor family~~

My father came from a poor family
who moved here and he took care of ~~my~~ his
father when he was ill. He ~~is~~ also a veteran
(War) and served this country. He is a good
American.

~~He~~ He should have taken advantage of
Veteran's benefits ~~to get health insurance~~
health insurance and to take care of my
mother and the entire family. I don't
know when health insurance from Veterans
benefits became available to veteran families
from WW II.

I also think that New York State has
suffered immensely from ~~what~~ terrorism.
~~and I am sorry that~~ I am glad they have
OSHA, and ~~probably more money to secure the~~
~~other~~ EPA standards to help them.

I am very sorry they didn't understand what I was trying to talk & them about and that they thought I was a drug abuser. I guess major advances in diabetes, atherosclerosis, stroke and cardiac disease have helped them and infectious disease. They helped me! ~~and my whole family!~~ That would include advances in neurology, ~~the~~ and immunology, too.

I have three inner diseases (penicillin, multiple sclerosis and probably SLE).

I was supposed to be a twin hence the pituitary tumor and the craniofacial nerve ~~loss~~ and he's not sure about renal tumor or the pancreas but I have at least one neck! Dronitonic!

I think I should still be licensed and I was enrolled & got an extra degree in Public Health. ~~What's that?~~
Wm

I think someone hearing and then deciding on a settlement would be helpful to ~~at~~ everything, housing, work, medical, family would all improve

I paid off the ~~one~~^{two} found student
loan in / from 2002 (found) grow
in 1982 or 1980. And I will send or
give my PFD's (Permanent Fund Dividend's)
~~to the~~ to the US bankruptcy Court or my
father and save and give to the other.
My father is in his 90's. ~~He is not~~
~~He is not~~

I am very thankful also for our
Social Security Disability for US, I have a tumor
and a cardiac arrhythmia, pneumonia, psoriasis,
SLE,

I want to add the many for the, HP
until with 2 other women, 3rd apartment,
and the family for violent behavior toward me,
and the police for the same. Other friends
and the the City of the are not being sued and the
reason for this is that they have a Community
Police Complaint area ~~and a~~ who approved
took my complaint. Then went for a full at
the must out of the confidential, moral area
who should be sued for their comments and out of
of the man and ~~the man~~

~~I'm not sure if there would have been a deduction. I think I could have still~~

I would not have gotten Social Security Disability unless I couldn't work at all.

I'm not sure. The State of New York and Alaska wouldn't meet with me personally in 1996. I wanted them to discuss why I couldn't work part-time with two basal ganglia plaques consistent with multiple sclerosis and two brain tumors. ~~That's what~~
~~That's~~ No one would meet with me. New York State wanted me to have an attorney. They cost \$20,000 when from New York. I wouldn't have to meet with anyone.

couldn't afford one and couldn't get an attorney, I could afford which would have to be furnished (i.e. Due Process).

Actually, I was refused an attorney when I was asked to sign the first paper and that can't/can be legal. There are several things that are not legal with this document and thus had to be a communication problem.

I think that Clark North Star, Behavioral Health, Inc., All was/were with David T. Spiebel, Pres, Don Karpaport, M.D. ~~was/were~~ committed medical malpractice with Patrick ~~Brady~~ Brady, M.D., and Mayorie Smith, M.D. .

Mr./Dr. Spiebel further stated that by his telephone call to an internist in Hawaii (Hilo) who I saw and had a good chance of finding and treating all of the above. I tried calling Mr./Dr. Spiebel twice and he wouldn't meet with me. I think he did not necessarily have intent to do me harm as nor did Dr. Karpaport, Dr. Brady, or Dr. Smith but

They all ignored my MRI results
and should have immediately referred me
to a University.

I did get 4 one but not until
2006 and this was after my car
accident in 2005. University of Seattle
Worleyton saw me but after the car
accident and saved my life.

~~He~~ I don't know what Mr./Dr. Gruber
wrote and sent to Motor Vehicles in
1996 but I sent them that I had a
seizure disorder (from birth - that went
brain tumors from people, and Migraine
Headaches (diagnosed - 1987 - by Consul
University Hospital Center, Department of
Neurology) where everyone should have
sent me back to Poughkeepsie, NY and
Hedge Park, NY and even from Andover, MA
although UCLA was closer.

I know why I have animal cognitive
impairment ^{(MCT) June 2014} at this ~~point~~ ~~time~~ ~~point~~ ~~time~~
~~more than eight other physicians~~
~~at this point~~

My other concern was someone ~~was~~ talking to me about how to ~~pay back~~ pay back student loans with a disability like a brain tumor (x2) or/and Migraine Headaches and multiple sclerosis and my cardiac arrhythmia since 1982.

~~It~~ I did try to join the Army, Air Force and Navy for a scholarship in 1982 and again in 2002. They couldn't take me in 2002 with a cardiac arrhythmia because of blood pressure problems that can result from the arrhythmia.

I was disappointedⁱⁿ all of the above rejections but I got to work as a medical student in Walter Reed Army & Navy Hospital. ~~1984-1988~~ (1984 - Cardiothoracic Surgery, Hand Surgery, Plastic Surgery, ^{Gynecological Surg} and I'm not sure about Rheumatology.) I would have liked to have served the country, too!

~~It~~

I am extremely grateful for all
the judges who spoke & in Spokane,
WA (except the two mental health
judges ~~to~~) and the two judges from
Florida (the lauders) and the one judge
from New York State.

~~But~~ I am sorry that Police, Sheriff,
Mental Health, and other people experience
such problems with anger and loss that
they are Domestically Violent and suffer
from Post Traumatic Stress Disorder and
depression and other problems.

I became ~~more~~ more aware of
Alzheimer's Disease and dementia
in older people and of mental retardation
and other developmental disabilities from
living up here in Fairbanks, AK.

I think the state of Alaska is very ~~kind~~ ^{kind}
to the above populations. ~~But~~
and they are very generous to all of
them and their families.

I am very grateful ^{to} for my having
graduated and having the opportunity to
go to college and medical school and
residing, ~~that I have been~~
~~so grateful to you for~~ I thought I was
a good physician, ~~that I have been~~
~~that I have been~~
